Skilled Trades Post #555 Career Exploration

The Skilled Trades Explorer Post is entering its 15th year of offering a unique educational opportunity, focusing on careers in Skilled Trades. During this program, students will be given the opportunity to learn more about the trades by participating in hands-on projects - being onsite with local contractors, being able to ask questions, learning from those who work in the field every day. Students will receive tangible advice and guidance to help take the right steps now, to position themselves for a successful career in the skilled trades.

About the Program...

The Skilled Trades Explorer Post is open to all young men and women ages 14-20. The program consists of a kickoff meeting where young adults and parents can learn more about the program. Following the kickoff meeting and enrollment, there will be 8 on-site sessions, generally on the third Tuesday of every month. Each Tuesday session will be sponsored by a different contractor in the Skilled Trade field scheduled for the day. The first post session is in October.
